JACKSONVILLE ELDER

Writes Characteristic Letter Regarding Loss of Appetite.

He says:

Food is just the thing for summer, winter, fall or spring. Follow directions, take it right. It will save your lagging appetite.

"I know for I have tried it. For weeks I could scarcely eat enough to keep a snake alive. I have taken three bottles of Vinol and now it looks like I will eat my head off. I am at the table three times a day eating as I did in the good old days when—split rails, dog wells, topped trees, plowed corn and head cotton. Try Vinol and see how good it feels to be real hungry."

When you ought to be hungry and are not it is because your stomach does not feel strong enough to eat for food—a sure sign of impaired general health. Better than dosing the stomach with peppin for temporary relief is taking Vinol, our delicious tonic, which has the strengthening and blood-making power of iron, and the building-up value of cod liver oil. It quickly restores appetite and perfect digestion. If Vinol does not help you it costs you nothing. J. C. Pecor, Drug gist, Maysville.

P. S.—If you have any skin trouble try Saxo Salve. We guarantee it.

A scientist claims that it is unhealthy to wear clothes. That's why most women bury their husbands.

"Tobacco growers of Western Kentucky are preparing to plant an unusually large crop this summer. It all depends upon plants and weather conditions whether one of the largest crops ever grown in this country will be set out. Reports from many sections of the State are to the effect that it will be the largest in many years. Many farmers who have raised tobacco for many years are going to put their best fields in tobacco."

WOMEN SHOULD TAKE WARNING

If the statement made at a New York Assembly of women, that healthy American women are so rare that they are almost extinct, is true, it is time for the women of America to take warning and look to their health. It may be headache, backaches, dragging down pains, nervousness, mental depression, that are tell-tale symptoms of some organic derangement for which Lydia E. Pinkham's vegetable Compound—a simple remedy made from roots and herbs—is a specific and may be relied upon to restore women to a healthy normal condition.

TOBACCO BEDS DOING FINE.

The report is general that tobacco beds have a splendid start for plants. The growth of plants is generally more forward than usual, which is encouraging, from the fact that the number of beds made this Spring is greater than usual. This means that there is certainly to be a generous supply of plants when setting time arrives.

MORE INDIAN BONES FOUND.

Augusta, Ky.—While Dr. T. J. Money, and Ollie Case were digging post holes they came across some bones. They were not like the Indian bones usually found here and besides one of them was sawed square off and as Indians were not versed in surgery or had saws the bones must have been those of some one who came here long after the Indian had left for the far west.

SIGN OF DECREPITUDE

When You Cease To Love a Circus!

See the Robinson Show Tomorrow.

A prominent magazine writer says: "The fact that thousands of people thronged Robinson's Famous Shows' tents proves that the love of the circus is inherent in the blood of humanity as long as the red corpuscles exist. When a man no longer loves the smell of the sawdust arena he has surely arrived at the lean and slippery age when he faint must crouch before the fire to warm his thin blood."

"Though our locks may be gray and our footsteps slow, the tented city, the gold and tinsel, the odor of the dens, the smiling, bespangled, adorable creatures in flimsy pink and cream appeal to us still, and sad will be the day when we shall cease to be thrilled by this most ancient but still modern, this altogether delightful potpourri of grandeur and nonsense, of reality and sham, the circus."

If the germs of youth are not altogether eliminated from your veins, you can satiate this normal, healthy yearning by visiting the splendid exhibitions given by Robinson's Famous Shows in this city on Tuesday May 5. Two performances will be given, at 2 and 8 p. m. Doors open one hour earlier, giving ample time to inspect our great educational, zoological collection.

RIGHT OF APPEAL

From Juvenile Court To Be Decided By Higher Tribunal.

Frankfort, Ky.—The Court of Appeals will be asked to construe the Juvenile Court law concerning the right of appeals. The Commonwealth of Kentucky through Attorney General Garnett filed a petition in the Appellate Court to determine whether or not Judge Charles W. Youngbluth, of the Campbell Circuit Court, has the right to try Chris Whitehead, who had been convicted of contributing to the delinquency of Millie Baier, under 18 years of age.

NON-SECTARIAN CHURCH

To Be Erected With Funds Being Solicited in Bracken County.

Augusta, Ky.—Several petitions are now in circulation in the lower end of the county and upwards of a thousand dollars have been subscribed for the purpose of building a non-sectarian church, to be known as Fairview Chapel and under the direct control of a board of trustees. The petitions specify that a building committee will be selected by all the persons who donate for the cause and furthermore the petitions state that the chapel is to be located near the Johnnie Odd Fellows cemetery. And as a subscriber to the cause it is the supposition that the proposed chapel will be used for the funeral purposes, a union Sunday school and preaching services by the various denominations.

23 CENTS PAID FOR WOOL

Sharp Competition This Year For Lambs.

Georgetown, Ky.—The first of the spring wool sales in this vicinity was completed when the clip of Graves Brothers amounting to 25,000 pounds was sold to a Lexington dealer for twenty-three cents.

There is a considerable quantity of wool to be sold this spring, and the prospects are that in spite of the tariff it will bring between eighteen and twenty cents, the Graves clip being an exceptionally good grade of wool. The farmers are looking for the bids of lamb buyers to keep up the price of wool in this section, there being sharp competition this year for lambs, which the farmers are turning to their advantage by including the wool clip in their deals.

STEADFAST CONFIDENCE

The Following Statement Should Form Conclusive Proof of Merit to Every Maysville Reader.

Could stronger proof of the merit of any remedy be desired than the statements of grateful endorers who say their confidence has been undiminished by lapse of time? These are the kind of statements that are appearing constantly in your local papers for Doan's Kidney Pills. They are twice-told and confirmed with new enthusiasm. Can any reader doubt the following. It's from a Maysville resident.

Mrs. John Wallingford, 108 Commerce St., Maysville, Ky., says: "Several of my neighbors have been cured of kidney trouble by Doan's Kidney Pills, and one of my family was also cured of a serious case of kidney complaint after other medicines had failed.
